IT’S GOT YOUR ATTENTION.
NOW MAKE IT YOURS.

With a choice of 3 power sources, convenient driver-assist technologies¹ and everything you need to stay connected, the 2018 Ford Fusion is overflowing with something else. Captivating style. From every angle. We never said choosing yours would be an easy decision. Just one of the most satisfying you’ll ever make.
FIRST, DECIDE WHAT MOVES YOU.

GAS
If gas is your power of choice, one of the 4 Fusion engines is sure to be perfect for your lifestyle. Is efficiency most important? Opt for the 1.5L EcoBoost. Looking to balance power and efficiency? The 2.0L EcoBoost does a great job. Craving performance in your sedan? Then pilot the most powerful engine ever on Fusion – the 2.7L EcoBoost – standard on V6 Sport. The choice is always yours.

HYBRID
If you’re ready for something different, look no further than the 2018 Fusion Hybrid. Powered by both gas and electricity, its unique gas engine is paired with an electric motor. The two can work together, or separately, to help maximize efficiency. A lithium-ion battery that powers the electric motor helps Fusion Hybrid operate in electric mode at speeds up to 85 mph.

PLUG-IN HYBRID
Operating much the same way as a hybrid, Fusion Energi Plug-In Hybrid provides another option – to plug in. With its large-capacity lithium-ion battery fully charged, it can drive an EPA-estimated 21 miles on electricity alone. When the battery is depleted, the vehicle acts like a hybrid. If you want the convenience of a gas engine for longer trips, and the ability to drive short distances on electricity, it’s a great choice.

1Available feature. 2EPA-estimated rating: 23 city/34 hwy/27 combined mpg. Actual mileage will vary. 3EPA-estimated rating: 21 city/32 hwy/25 combined mpg. Actual mileage will vary. 4EPA-estimated rating: 43 city/41 hwy/42 combined mpg. Actual mileage will vary. 5EPA-estimated rating: 43 city/41 hwy/42 combined mpg, 14-gallon tank, 21 miles electric. Range calculation based on www.fueleconomy.gov. Actual range varies with conditions such as external elements, driving behaviors, vehicle maintenance and lithium-ion battery age.
There’s much to be desired in the well-equipped Fusion S. Remote keyless entry gets you in, push-button start gets you ready, and the elegant rotary gear shift dial gets you moving. Inside, the SYNC® Voice Recognition Communications and Entertainment System keeps you connected. At your destination, a rear view camera1 shows you a clear path into your parking spot.

**SE**

LED signature lighting enhances the look of the headlamps on Fusion SE. Inside, a 10-way power driver’s seat and 6-way power front-passenger seat give you the perfect setting for the AM/FM stereo/single-CD player with MP3 capability and 6 speakers, plus more than 150 channels of SiriusXM® Radio. A 4.2" configurable color LCD screen centers the instrument panel.

**PLATINUM**

If you want the ultimate in Fusion refinement, this is it. Premium Magnetic-painted grille and 19" polished aluminum wheels2 outside. Inside, every driver-assist technology that Fusion offers is standard: adaptive cruise control with stop-and-go, enhanced active park assist, Lane-Keeping System and more. Plus, premium leather-trimmed seats with quilted bolsters and perforated inserts. Beyond gold, there’s Platinum.

**TITANIUM**

This well-appointed Fusion reveals its uniqueness upon approach. With your Intelligent Access key fob near, just grab a handle and you’re in. Sit down in heated, leather-trimmed front seats with perforated inserts. Control the remarkable SYNC 3, as well as a 12-speaker Audio System from Sony.® A Reverse Sensing System1 can alert you to objects behind your vehicle.

**V6 SPORT**

In every family, there’s one who goes all out. Never takes it easy. Like V6 Sport. Intelligent all-wheel drive (AWD) helps you grip the road, while continuously controlled damping with pothole detection helps lessen the impact of road imperfections. The high-gloss black upper grille and quad-tip dual exhaust let everyone know about the chip on your shoulder. Leather-trimmed seats even feature Miko® inserts.

---

1Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. 2Platinum gas model only.
2.0L
Standard: Titanium Platinum
Optional: SE

- 181 horsepower
- 185 lb.-ft. of torque
- EPA-estimated rating: 23 city/34 hwy/27 combined mpg

2.7L
Standard: V6 Sport

- 325 horsepower
- 380 lb.-ft. of torque
- EPA-estimated rating: 17 city/26 hwy/20 combined mpg

2.5L
Standard: S SE

- 173 horsepower
- 174 lb.-ft. of torque
- EPA-estimated rating: 21 city/32 hwy/25 combined mpg

With 4 engines to choose from, the Fusion gas engine lineup is strong. To get moving, just shift the 6-speed SelectShift™ automatic transmission into Drive via the rotary gear shift dial. Tap the “S” button on top to sharpen throttle response, fully enable the steering wheel paddle shifters, more aggressively program the transmission shift points, and more. To enhance safety after you reach your destination, there are certain situations where Fusion detects when you should not be in Drive and automatically shifts into Park for you.

With robust low-end torque and virtually no turbo lag, EcoBoost® engines combine turbocharging, direct injection and twin independent variable cam timing (Ti-VCT) into a potent blend of horsepower and efficiency. Standard Auto Start-Stop Technology on the 1.5L EcoBoost helps optimize fuel consumption and reduce emissions when stopped, or while idling with your foot on the brake.
Fusion Hybrid never loses sight of its fun-to-drive nature. “Its steering is sharp and direct, and ... its handling is oriented pleasingly toward the sporty side,” says Edmunds.

MAKE A SMOOTH TRANSITION.

Powered by both gas and electricity, Fusion Hybrid features a 2.0L Atkinson-cycle gas engine and electric motor that can work together, or separately, to help maximize efficient performance. “What’s most noteworthy about this particular hybrid system is how quietly and seamlessly the electric motor and the gas engine interact,” says Car and Driver. Inside, “Efficiency Leaves” in the SmartGauge® with EcoGuide instrument cluster can help your driving efficiency. More leaves grow when you drive more efficiently – giving you instant feedback. A Regenerative Braking System can even recover over 90% of the energy spent during braking¹ and use it to help recharge the battery.

¹Results may vary depending on driving habits.
The choice to plug in – or not. It’s easier than you think. Charge your vehicle while parked at work, or overnight at home. It’s simple, convenient and no change in your routine is required.

PLUG IN AND TAKE CHARGE.

Fusion Energi has an EPA-estimated total driving range of 610 miles, as well as an EPA-estimated all-electric driving range of 21 miles! As you drive, Fusion Energi decides whether to use its electric motor alone or to turn on its gas engine as needed.

To plug in, just insert the standard 120-volt convenience charge cord into your home outlet and into the vehicle’s charge port, which illuminates in sections as it charges. When the full ring is illuminated, the vehicle is fully charged. Or, use a Ford recommended AeroVironment™ 240-volt home charging station. Recharge in about 2.5 hours via the AeroVironment option, or 7 hours using your home outlet. Easily monitor and schedule charging with our MyFord® Mobile app and website (myfordmobile.com). Both feature a charging station locator powered by PlugShare.

Fusion Energi Plug-in Hybrid Titanium. Shadow Black. Available equipment. EPA-estimated rating: 43 city/41 hwy/42 combined mpg, 14-gallon tank; 21 miles electric. Range calculation based on www.fueleconomy.gov. Actual range varies with conditions such as external elements, driving behaviors, vehicle maintenance and lithium-ion battery age. Available feature. Charge times vary. See owner’s manual for details. To begin the process, call 1-888-219-6747 or visit evolutions.com/ford. Charging stations are available with or without full installation services by AeroVironment. MyFord Mobile includes a complimentary subscription that activates with vehicle sale date, requires compatible 3G cellular network connectivity, and is subject to 3G network availability. Evolving technology/cellular networks may affect future functionality. Message and data rates may apply. Refer to www.myfordmobile.com for further details.

2018 Fusion | fford.com
Heat. Moisture. Gravel. Potholes. For challenging weather conditions and road surfaces you encounter, the 2018 Fusion is equipped to help you master them. “The ride and handling is top-notch for the class,” says TheCarConnection.com. From advanced technologies that can enhance grip to those that adjust suspension tuning, Fusion is designed to deliver a smooth and seamless driving experience. Road after winding road.

GET THE TOOLS TO RULE THE ROAD.

POWER WHERE IT’S NEEDED
Intelligent all-wheel drive (AWD) constantly monitors traction, transferring power between front and rear wheels as needed, typically before wheelslip can even occur. This fully automatic system effortlessly improves handling and helps maximize traction at all times.

Standard: V6 Sport
Available: SE/Titanium/Platinum

REAL-TIME SUSPENSION TUNING
A continuously controlled damping (CCD) system uses 12 different sensors to read the road – and vehicle inputs – every 2 milliseconds. Then, it adjusts to help deliver smooth, responsive handling. The system can even detect potholes, adjusting shock absorbers so impact severity is reduced.

Standard: V6 Sport

CORNERING POISE
Torque Vectoring Control increases vehicle stability in turns by applying slight braking force to the inside wheel, as needed. By sending more torque to the outside wheel, the system helps Fusion stay firmly planted.

Standard: All models

*Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
DIALED-IN FOR DRIVING.

It starts with a turn of the nicely weighted rotary gear shift dial to engage the gears – as well as your love for the open road. It continues with soft-touch surfaces that greet your hands wherever they rest, including the leather-wrapped steering wheel and leather-trimmed seats. Brilliant LED lighting treats your eyes. Outside, sleek sideview mirrors mount low on the doors – instead of at the windows – designed to allow more light inside, minimize drag and help reduce wind noise. Ready to take your turn?

SOUND MANAGEMENT
Thanks to acoustic underbody shields and sound-absorption material, road noise is mitigated inside Fusion. From this hushed environment, you can enjoy the well-balanced output of the 12-speaker Audio System from Sony.

Sony available: Titanium/Platinum/V6 Sport

FULLY CHARGED
Keep everything from mobile phones to tablets charged with an array of power sources. Depending on the model, Fusion offers two 12-volt powerpoints, a 110-volt power outlet and 2 smart-charging USB ports with available SYNC 3.

See specifications for availability.

SMART SOLUTIONS
Fusion has plenty of them for your smart devices. A large center console features two-tiered storage, including a secure phone pocket and 2 small bins in the upper compartment. A media bin with lighted USB port includes additional storage. Even the glove box is lined, lockable and – on Titanium, Platinum and V6 Sport – lighted.
It’s all about positive reaction between you and your vehicle. Approach Fusion with your Intelligent Access key fob¹ and a simple touch of the driver’s door handle unlocks it. Press the standard push-button start and the engine springs to life. With spacious room for 5, plus a range of seating choices from durable cloth to quilted and perforated leather trim,¹ the carefully crafted interior of Fusion welcomes all.

FINELY CRAFTED FOR COMFORT.

STYLED TO SATISFY
Titanium, with 10-way power, heated, leather-trimmed driver and front-passenger seats. A leather-wrapped steering wheel. Aluminum accelerator and brake pedal covers. And ambient lighting in your choice of 7 hues to bring it all together.

THE ULTIMATE IN REFINEMENT
Platinum, with Medium Soft Ceramic leather-trimmed heated and cooled front seats featuring quilted bolsters and perforated inserts. Leather-wrapped and stitched instrument panel top and center console. Leather also wraps the door armrests, the center console lid and the heated steering wheel.

PREPPED FOR PERFORMANCE
V6 Sport, with exclusive Dark Earth Gray leather-trimmed front seats with Miko® inserts. Aluminum accelerator and brake pedal covers, and carpeted floor mats emblazoned with the Sport logo, complete the look.
GO AHEAD,
SHOW IT OFF.
SYNC 3
STAY CONNECTED ON THE MOVE.

Imagine controlling calls, music and more with just a touch and your voice. SYNC® 3 lets you keep your hands on the wheel while it quickly responds to your spoken requests. Or use the responsive touchscreen in the center of your instrument panel to access its many helpful features. Bring the power of Siri® into Fusion with Siri Eyes Free and your paired iPhone®. The system also features 2 smart-charging USB ports to help keep your devices powered up and ready to go.
READY WITH
ALL-AROUND ASSISTANCE.

WHEN PARKING
Back ing in. Parallel parking. Enhanced active park assist¹ is a beauty to behold. It not only assists you in finding a spot, it steers you into it while you control the accelerator, brake and rotary gear shift dial as needed. When pulling out of a parallel spot, it provides assistance as well.

CHANGING LANES
BLIS® (Blind Spot Information System) with cross-traffic alert¹² warns you if it detects a vehicle in either of your blind spots while driving forward, or approaching from the sides while in Reverse.

BETWEEN THE LINES
Drifting out of your lane? The Lane-Keeping System¹ can help. By applying steering wheel torque, and even alerting you with steering wheel vibration, it helps direct you to return to your lane.³

IN TRAFFIC
Adaptive cruise control with stop-and-go¹ scans for vehicles in front of you. It can automatically adjust the speed of Fusion to maintain a preset gap from that vehicle. The system can be used at both high and low speeds, and can even follow the vehicle in front of you to a complete stop.

IF NEEDED
Pre-Collision Assist with Pedestrian Detection¹ can alert you with visible and audible warnings if a potential collision with a vehicle or pedestrian is detected. If it determines a collision is imminent, active braking may automatically apply the brakes.⁴

EVEN BACKING UP
See what’s behind Fusion as you slowly back up. A standard rear view camera¹ puts a full-color image on the LCD screen that centers the instrument panel.

Standard: Platinum
Available: SE, Titanium and V6 Sport

¹Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. ²BLIS replaces standard integrated blind spot mirrors. ³Lane-Keeping System does not control steering. ⁴Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner’s manual for system limitations.
This is one Sport model that deserves the name. Greeting the street with 325 horsepower\(^1\) and 380 lb.-ft.\(^1\) of torque, V6 Sport is powered by a 2.7L EcoBoost\(^\circledR\) engine mated to a 6-speed automatic transmission with SelectShift\(^\circledR\) capability that can be controlled by steering wheel-mounted paddle shifters. To handle all this torque, V6 Sport includes Intelligent all-wheel drive (AWD), plus continuously controlled damping (CCD) with pothole detection to help smooth out the rough spots. Results include a taut ride, precise cornering and extreme road-holding finesse. In other words, pure exhilaration.

\(^1\)Horsepower and torque ratings achieved with 93-octane fuel.
Ford Fusion has earned a 5-Star Overall Vehicle Crash Rating1 from the National Highway Traffic Safety Administration (NHTSA), and a 2017 Top Safety Pick from the Insurance Institute for Highway Safety (IIHS) when equipped with optional front crash prevention. Proof of our commitment to safety. And to your peace of mind behind the wheel.

STEDFAST
ABOUT SAFETY.

BE PREPARED
8 airbags, including side-curtain airbags with roll-fold technology that deploy to cover both rows of the vehicle, help increase protection.
Standard: All models

EXTRA PROTECTION
Class-exclusive2 inflatable rear safety belts distribute crash-force energy across more of the torso area than a non-inflatable belt. This helps reduce injury risk in certain conditions for outboard-seated rear passengers.
Available: All models

READY AND STABLE
AdvanceTrac® electronic stability control with brake-actuated traction control3 helps reduce skidding and fishtailing, which is beneficial in various kinds of inclement weather.
Standard: All models

SMART DRIVING
With MyKey®, you can program reminders to encourage safety belt use, driving at appropriate speeds, keeping the audio volume low, and much more.
Standard: All models

2Class is Midsize Sedans based on Ford segmentation. 3Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
STANDARD FEATURES FOR ALL FUSION MODELS

Mechanical
4-wheel disc brakes with Anti-Lock Brake System (ABS)
Electric-assist parking brake
Electric power-assisted steering
Front and rear stabilizer bars
Suspension – Front: independent MacPherson strut
Rear: independent integral link
Torque Vectoring Control
Driver Assist Technology
Autolamp automatic on/off headlamps
Hill start assist

Interior
4-way adjustable front head restraints
12V powerpoints (2)
60/40 split fold-flat spring-assisted rear seat
Center console with armrest and storage
Cruise control
Driver and front-passenger sun visors with illuminated vanity mirrors
Power windows with global open/close and one-touch-up/-down feature
Push-button start ignition
Rotary gear shift dial
Steering wheel-mounted cruise, audio and 5-way controls
Tilt/telescoping steering column

Exterior
Bright upper grille surround
Configurable daytime running lamps
Easy Fuel® capless fuel filler
LED taillamps
Rear-window defroster
Solar-tinted glass
Speed-sensitive windshield wipers

Safety & Security
Personal Safety System™ for driver and front passenger includes
dual-stage front airbags,* safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver’s seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System
Driver and front-passenger knee, front-seat side, and side-curtain airbags* 3-point safety belts for all 5 seating positions
AdvanceTrac® electronic stability control with brake-actuated traction control
Belt-Minder® front safety belt reminder
Child-safety rear door locks
Emergency in-trunk release handle
Illuminated Entry System
Individual Tire Pressure Monitoring System (excludes spare, if equipped)
LATCH – Lower Anchors and Tether Anchors for Children
MyKey® technology to help parents encourage responsible driving
Perimeter alarm
Rear view camera
Remote Keyless Entry System
SecuriLock® Passive Anti-Theft System
SOS Post-Crash Alert System™

**Restrictions may apply. See your dealer for details.**

1. Restrictions may apply. See your dealer for details. 2. BLIS replaces standard integrated blind spot mirrors. 3. SYNC® Connect includes complimentary 5-year subscription for remote features, excluding Wi-Fi hotspot, and starts with vehicle sale date. Subscription is subject to compatible network availability. Certain restrictions, 3rd-party terms, or message and data rates may apply. Evolving technology/cellular networks may affect future functionality. See your Ford Dealer for details. 4. FordPass smartphone app, for use with SYNC Connect, is available via download and compatible with select smartphone platforms. FordPass is on the App Store® and Google Play™. Learn more at fordpass.com. Message and data rates may apply. 5. After your trial period ends, SiriusXM audio and data services each require a subscription sold separately, or as a package, by Sirius XM Radio Inc. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Trial subscriptions not available in AK and HI. See your Ford Dealer for details. 6. Ford does not recommend using summer tires when temperatures drop to approximately 45°F or below (depending on tire wear and environmental conditions) or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using all-season or snow tires.
Packages & Equipment Groups

S Appearance Package¹ (Equipment Group 101A): 18” Magnetic-painted aluminum wheels, halogen fog lamps with bright chrome trim and black bezels, rear decklid spoiler, leather-wrapped steering wheel, and Ebony cloth interior with contrasting Medium Stone stitching on console armrest, door armrests and seats

SE Appearance Package¹ (Equipment Group 201A): 18” Magnetic-painted aluminum wheels, halogen fog lamps with bright chrome trim and black bezels, rear decklid spoiler, leather-wrapped steering wheel, and Ebony cloth and vinyl bolsters with contrasting Medium Stone stitching on console armrest, door armrests and seats

Luxury Package¹ (Equipment Group 202A): 1.5L EcoBoost® I-4 engine with Auto Start-Stop Technology; driver’s seat memory feature; heated front seats; leather-trimmed seats; leather-wrapped steering wheel; warm interior accents; auto-dimming rearview mirror; LED headlamps; bright door and window trim moldings; body-color door handles with bright inserts; Intelligent Access with Remote Start System; and power, heated sideview mirrors with memory, and integrated turn signal indicators

SE Cold Weather Package²: heated cloth front seats; floor liners; and power, heated sideview mirrors

SE Technology Package: SYNC® 3; 4.2” dual, configurable color LCD screens in instrument cluster; Premium Audio System with 11 speakers; dual-zone electronic automatic temperature control; and Reverse Sensing System

Driver Assist Package¹: SYNC Connect, heated steering wheel, BLIS® (Blind Spot Information System) with cross-traffic alert, Lane-Keeping System, auto high-beam headlamps, rain-sensing windshield wipers, and 110V/150W AC power outlet (SE requires SE Technology Package)

V6 Sport Upgrade Package¹ (Equipment Group 401A): SYNC 3; 4.2” dual, configurable color LCD screens in instrument cluster; Audio System from Sony® with HD Radio Technology;™ dual-zone electronic automatic temperature control; ambient lighting; 10-way power front-passenger seat including power lumbar; and Reverse Sensing System

New Vehicle Limited Warranty. We want your Ford Fusion ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage—all with no deductible. Fusion unique electric components are covered during the Hybrid/Electric Unique Component Coverage, which lasts for 8 years or 100,000 miles, whichever occurs first. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Protect Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty, FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
