Revel in the drive

Introducing the all-new 2017 Cadenza — completely redesigned to reward you with the unrivaled pleasure of driving a thoroughly refined sedan. Consider all that it offers. Its sleek exterior styling includes distinctive sculpted lines that flow from headlight to taillight. With a spacious interior and superbly designed seating, Cadenza combines a perfect blend of craftsmanship and extraordinary comfort, complemented by a wealth of premium amenities. Available advanced driver-assist systems are designed to monitor the presence of other vehicles and put you confidently in control. Its dynamic performance is equally impressive, delivering a driving experience that satisfies the emotions as well as the senses. Like all Kia models, Cadenza also comes with an industry-leading, 10-year/100,000-mile warranty program: a testament to its outstanding quality and reliability.

DID YOU KNOW?
Cadenza features a striking concave grille and sleek styling based on a design philosophy that emphasizes the simplicity of a straight line, with a single contour connecting dramatic lighting signatures in the headlights and LED taillights.
COMFORT & SPACIOUSNESS

1. HEATED & VENTILATED SEATS* Heated front seats and available heated rear outboard seat cushions are perfect for cold days. In addition, available ventilated front seats let you enjoy optimal comfort in warm weather.

2. POWER SEAT CUSHION EXTENSION* Available power-adjustable driver’s seat cushion extension provides extra support. It also both extends and rotates up or down for added adjustability, allowing drivers to select their own custom comfort settings.

3. DRIVER’S MEMORY SEAT BUTTONS* Available integrated memory settings for two drivers, including personalized positions for the driver’s seat, steering column, and outside mirrors, provide the comfort and convenience of customized ergonomics.

4. DUAL-ZONE AUTOMATIC TEMPERATURE CONTROL To create personalized climate zones for the driver and front passenger, the dual-zone automatic temperature control has individual temperature settings. Rear-seat passengers have their own vents.

5. POWER REAR-WINDOW SUNSHADE* Available rear side-window sunshades and a power-retractable rear-window sunshade provide rear passengers with protection from sunlight, allowing them to relax and enjoy a cool and comfortable drive.

*See Features page for availability. Not all optional features are available on all trims. Simulated screen shown. Images #1, #2, #4, and #5 shown for illustration only.

4. DUAL-ZONE AUTOMATIC TEMPERATURE CONTROL

To create personalized climate zones for the driver and front passenger, the dual-zone automatic temperature control has individual temperature settings. Rear-seat passengers have their own vents.

5. POWER REAR-WINDOW SUNSHADE

Available rear side-window sunshades and a power-retractable rear-window sunshade provide rear passengers with protection from sunlight, allowing them to relax and enjoy a cool and comfortable drive.

*See Features page for availability. Not all optional features are available on all trims. Simulated screen shown. Images #1, #2, #4, and #5 shown for illustration only.

This is where you belong

Superior comfort requires accommodations that are both refined and designed to satisfy your needs, and that’s precisely where Cadenza excels. It features a strikingly spacious interior that can easily be tailored in a variety of ways to ensure your comfort, as well as your passengers’.

A REMARKABLY QUIET RIDE

For a peacefully quiet drive, the windshield features sound-insulating glass, while sound-absorbing insulation throughout the vehicle helps reduce noise from outside.

A REMARKABLY QUIET RIDE

For a peacefully quiet drive, the windshield features sound-insulating glass, while sound-absorbing insulation throughout the vehicle helps reduce noise from outside.
**INTERIOR FEATURES**

1. **PANORAMIC SUNROOF**
   An available power sunroof provides an expansive feeling of spaciousness. It features a lift-and-slide design for ventilation or a full open-air experience for front and rear passengers, while its sunshade is quick and convenient to operate.

2. **HEATED STEERING WHEEL**
   Cadenza’s premium features include an available heated steering wheel that is especially appreciated on cold winter days. In addition, the steering wheel is designed with strategically placed contours to provide a thicker, sportier, and more comfortable grip.

3. **PADDLE SHIFTERS**
   For sportier driving, Cadenza features available steering-wheel-mounted paddle shifters that allow shifting with two hand firmly on the wheel and give the driver precise control of the 8-speed Sportmatic transmission.

4. **ELECTRONIC PARKING BRAKE WITH AUTO HOLD**
   The electronic parking brake functions like a conventional parking brake. Auto Hold helps prevent your Cadenza from rolling when stopped in slow traffic or on an incline.

5. **SUPERVISION METER CLUSTER**
   The available Supervision meter cluster has high-contrast graphics and outstanding readability, thanks to Thin-Film Transistor (TFT) construction. It displays valuable information such as navigation prompts, status of the Lane Departure Warning System, and more.

4. **VOICE-COMMAND NAVIGATION**
   An available advanced voice-command navigation system features a vivid, easy-to-read, 8-inch color touch screen and, to help you choose your optimum route, delivers updated highway conditions from SiriusXM Traffic. TM

5. **STEERING-WHEEL-MOUNTED CONTROLS**
   You may operate a variety of features with the convenient steering-wheel-mounted controls, including the audio system’s volume and mode selection and the cruise control system’s functions.

DID YOU KNOW?
Along with its driver-centric ergonomics, Cadenza’s wraparound dashboard is designed to flow into the door panels in order to visually widen its interior space.

Finely crafted in every detail
Cadenza features a wealth of available premium features, harmoniously designed to make everyday driving more enjoyable. Plus, the interior’s ergonomic design puts the driver comfortably in command, with all controls intuitively placed for convenient operation.

**SIRIUSXM SATELLITE RADIO**
Enjoy over 150 channels of commercial-free music, plus sports and news in your Cadenza during your 3-month SiriusXM All Access trial subscription. Also includes streaming 160+ channels on your computer, smartphone, and tablet.

3. 3. Limited shown.
Transform your daily drive

Cadenza dramatically reveals how the power of technology has revolutionized the way we drive. It seamlessly integrates a variety of technologically advanced features designed to make everyday driving more convenient and help you instantly access some of your favorite entertainment options.

1. **UVO — SHORT FOR “YOUR VOICE”**

The UVO eServices Infotainment System provides an easy, hands-free way to connect to your Cadenza by integrating your compatible smartphone with your vehicle. UVO eServices can keep track of your vehicle’s parking location with Parking Minder, download apps from the App Download Center, monitor your vehicle’s driving habits, access ST Connect or Enhanced Roadside Assist, and check maintenance requirements with Vehicle Diagnostics on the touch screen. Plus, there are no subscription fees for the first 10 years to access all of these benefits.

2. **APPLE CarPlay™**

Apple CarPlay and Android Auto let you take full advantage of the available UVO eServices Infotainment System by simply connecting your compatible smartphone with a USB cable. You can then use it to navigate to your destination, make phone calls and retrieve voice mail, receive text messages and respond to them verbally, and more. Plus, compatible apps are displayed onto the touch screen.

3. **ANDROID AUTO™**

Apple CarPlay and Android Auto let you take full advantage of the available UVO eServices Infotainment System by simply connecting your compatible smartphone with a USB cable. You can then use it to navigate to your destination, make phone calls and retrieve voice mail, receive text messages and respond to them verbally, and more. Plus, compatible apps are displayed onto the touch screen.

4. **UVO eServices APP**

An available free app, downloaded from the App Store or Google Play Store, lets you use a compatible smartphone to access UVO eServices’ features. Or access UVO eServices through myUVO.com with a computer.

5. **WIRELESS CHARGING SYSTEM**

An available Integrated wireless charger allows you to fully charge your compatible Android smartphone by simply placing it on a convenient tray in the front console, eliminating the need for accessory cables or wires.

6. **HEAD-UP DISPLAY**

Available Head-Up Display projects a color readout of information like current speed, navigation route, and Lane Departure Warning System onto the windshield glass in the driver’s line of sight. The display’s brightness adjusts automatically as outside lighting changes.

7. **LED HEADLIGHTS**

Cadenza’s available LED headlights and fog lights provide exceptional illumination of the road ahead with bright lighting that closely resembles that of natural sunlight in order to optimize nighttime vision. LED lights also have the added benefit of service life that outlasts conventional headlights.

8. **REAR-CAMERA DISPLAY**

A large, bright Rear-Camera Display helps you see things behind your vehicle that you might not see by looking over your shoulder. When you turn the steering wheel, guidelines adjust to follow the direction you’re turning.

9. **SMART TRUNK AND SMART POWER TRUNK**

Cadenza’s Smart Trunk opens when you simply stand within a few feet near the center of it for three seconds with the Smart Key in your possession. This is especially appreciated when you have your hands full. The available Smart Power Trunk also has a power-assist feature that opens and raises the trunk lid or closes and locks it. Plus, you can close and lock the Smart Power Trunk by pressing a switch on the inner trunk lid.

10. **SMART WELCOME WITH POWER-FOLDING MIRRORS**

When you approach your Cadenza and it detects the presence of the Smart Key remote, the available Smart Welcome system unfolds the power-folding mirrors, and activates the perimeter approach lights and interior and front door-handle lights.

11. **HARMAN KARDON® PREMIUM AUDIO®**

An available 630-watt Harman Kardon Quantum Logic premium surround-sound audio system with 12 speakers provides superb audio entertainment. It includes Clari-Fi, a feature that instantly restores the quality of compressed, digitized music and provides crisp, clear, dynamic sound.

12. **SMART TRUNK AND SMART POWER TRUNK**

Cadenza’s Smart Trunk opens when you simply stand within a few feet near the center of it for three seconds with the Smart Key in your possession. This is especially appreciated when you have your hands full. The available Smart Power Trunk also has a power-assist feature that opens and raises the trunk lid or closes and locks it. Plus, you can close and lock the Smart Power Trunk by pressing a switch on the inner trunk lid.

Powerful yet poised
Kia’s engineers redesigned Cadenza following the simple premise that driving should be the highlight of your day. It delivers the exhilarating feel of strong acceleration instantly at your command, while its 8-speed Sportmatic® transmission includes Smart Shift & Drive to automatically activate the optimum mode — Eco, Normal, or Sport — based on your driving style. Cadenza also provides you with the confidence of precise and responsive steering, complemented by the satisfaction of enjoying a supremely smooth and quiet ride.

**DYNAMIC PERFORMANCE**
A 3.3L GDI V6 engine delivers inspiring performance and strong acceleration. Continuously Variable Valve Timing further enhances performance while reducing exhaust emissions.

**8-SPEED SPORTMATIC® TRANSMISSION**
A new 8-speed Sportmatic® transmission provides smooth, seamless shifting. Its additional gears offer more driving force and provide outstanding performance at a variety of speeds. Plus, the Smart Shift & Drive feature automatically activates the optimum mode — Eco, Normal, or Sport — based on your driving style.

**RESPONSIVE HANDLING**
A newly refined four-wheel independent suspension features high-performance dampers, front MacPherson struts, and a rear multi-link design for a smooth ride and agile handling.

**PRECISE STEERING**
Advanced Motor-Driven Power Steering features a sophisticated 32-bit control unit that is programmed to help provide crisp, precise steering response and a smooth feel.

**EFFICIENT AERODYNAMIC DESIGN**
Cadenza’s sleek bodywork, full-floorpan undercover, optimized front-grille openings, and front-wheel air curtains that help reduce drag around the tires are all designed to help improve aerodynamic performance.

**ISO-STRUCTURE® CONSTRUCTION**
Over 50 percent of Cadenza’s body is constructed with advanced high-strength steel, and it uses specially engineered adhesives for added strength. The body structure helps provide better driving dynamics and is the foundation for a quieter ride.

**DID YOU KNOW?**
Cadenza’s Amplitude Selective Damping shock absorbers sense the road surface and provide the proper damping force to deliver optimal ride comfort and driving dynamics.
Technology that gives you the advantage

Cadenza features an array of advanced driver-assist systems that provide an invaluable stream of information about your driving environment. They are designed to monitor the presence of other vehicles, anticipate and alert you to situations that may require you to react, and even take action on your behalf if and when necessary.

1. REAR CROSS-TRAFFIC ALERT™
Available Rear Cross-Traffic Alert is designed to warn the driver of cross traffic while the vehicle is in reverse by activating audible and visual alerts to help reduce the likelihood of a collision.

2. ADVANCED SMART CRUISE CONTROL™
Available Advanced Smart Cruise Control uses radar to help maintain a predetermined distance from the vehicle directly ahead, automatically braking or accelerating your Cadenza when appropriate.

3. SURROUND-VIEW MONITOR™
The available Surround-View Monitor utilizes four cameras to provide a view around the vehicle, which is especially helpful when parking in tight spots.

4. HIGH-BEAM ASSIST™
For convenient nighttime driving, Cadenza’s available LED headlights include High-Beam Assist to automatically dim the lights for oncoming traffic and engage the high beams when no traffic is approaching.

5. REAR PARK ASSIST SYSTEM™
When parking, the available sonar-sensor system gives an audible warning if it detects certain objects close to your vehicle.

6. FORWARD COLLISION WARNING SYSTEM™
Available Forward Collision Warning System activates and encourages the driver to decelerate when the system detects objects immediately ahead that may cause a potential impact.

7. LANE DEPARTURE WARNING SYSTEM™
This available system is designed to detect when your vehicle is moving out of its lane without the turn signal being used. When it does, it alerts you with a combination of audible and visual warnings.

8. LANE CHANGE ASSIST™
An available radar system helps detect vehicles approaching from behind and then provides audio and visual alerts.

9. AUTONOMOUS EMERGENCY BRAKING™
This available system is designed to detect and monitor vehicles traveling ahead of you. It then works to automatically apply the brakes if it determines a crash might be imminent, helping to avoid a collision or mitigate the effects if it cannot be avoided.

10. SMART BLIND-SPOT DETECTION™
Available Smart Blind-Spot Detection uses a radar system to help detect vehicles in the driver’s blind spot, providing visual alerts, and, in certain situations, takes action. The fully integrated system includes a forward-looking camera that helps detect if your vehicle is crossing into another lane unintentionally. The system is designed to go into action if you begin to change lanes when a vehicle in an adjacent lane is detected in your blind spot. The active system applies just enough braking pressure to the front wheel on the opposite side to assist your vehicle back on its intended course.

1. See Features and Specifications pages for availability and endnote. Not all optional features are available on all trims. Simulated screen shown.
2. Images shown for illustration only.
Responsive systems

Cadenza features advanced safety systems designed to help give you peace of mind every time you drive. Each one is engineered to help you maintain control, even in harsh road conditions and in some emergency situations. These safety systems are designed to function automatically, leaving you free to focus on safe driving.

**ACTIVE SAFETY**

**ELECTRONIC STABILITY CONTROL (ESC)**
ESC provides improved directional stability to help maintain better control in difficult driving situations. During emergency maneuvers, it works to control the engine and brakes to help keep your Cadenza on course.

**TRACTION CONTROL SYSTEM (TCS)**
When TCS senses wheelspin during vehicle acceleration, it uses a combination of both engine power and brake force to help transfer power to the wheel that has more traction.

**ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)**
To help maintain more consistent braking as vehicle loads and weight distribution change, the EBD system is designed to automatically adjust the front-to-rear balance of brake pressure.

**BRAKE ASSIST SYSTEM (BAS)**
If BAS detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance.

**HILL-START ASSIST CONTROL (HAC)**
When starting off on a steep hill, HAC automatically holds the brake pressure for two seconds after you take your foot off the brake pedal to help prevent you from rolling back.
Limited shown. No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, or injury. Always drive responsibly.

14 See Specifications page for endnote. Simulated image shown for illustration purposes only.

**PASSIVE SAFETY**

**ADVANCED AIRBAG SYSTEM**
An advanced airbag system helps protect driver and passengers with dual front, front and rear seat-mounted side, and full-length side curtain airbags and is complemented by a driver’s knee airbag. 14

**AIRBAG & SEAT-BELT SENSORS**
This advanced system monitors the severity of certain impacts, the presence of a front passenger and seat-belt use, and then controls airbag inflation accordingly. 14

**FRONT SEAT-BELT PRETENSIONERS**
Cadenza’s advanced safety features include pretensioners that have been designed to tighten the front seat belts in the event of certain collisions. This can help to reduce the likelihood of injuries.

**FRONT & REAR CRUMPLE ZONES**
Both front and rear crumple zones are engineered to help absorb and dissipate impact energy, helping to preserve the basic structural integrity of the vehicle’s passenger compartment in certain collisions.

**SIDE-IMPACT DOOR BEAMS**
All doors are reinforced with steel beams to help absorb impact energy and deflect side-impact force. In addition, the A and B-pillars are also reinforced, further helping to strengthen the body of the vehicle.

Advanced engineering for your peace of mind

At Kia, the focus is always on improving all aspects of safety. As a result, continuous engineering advances and breakthroughs in material design have led to Cadenza’s exceptionally strong body construction, strategically placed airbags, and advanced sensors, all of which help to increase your protection.

ADVANCED AIRBAG SYSTEM

- Dual front, front and rear seat-mounted side, and full-length side curtain airbags
- Driver’s knee airbag

AIRBAG & SEAT-BELT SENSORS

- Monitors the severity of certain impacts, presence of a front passenger, and seat-belt use
- Controls airbag inflation accordingly

FRONT SEAT-BELT PRETENSIONERS

- Mimics the function of traditional seat-belt pretensioners
- Tightens the front seat belts in the event of certain collisions

FRONT & REAR CRUMPLE ZONES

- Help absorb and dissipate impact energy
- Preserve the structural integrity of the passenger compartment

SIDE-IMPACT DOOR BEAMS

- Reinforced with steel beams to absorb impact energy
- A and B-pillars also reinforced to strengthen the vehicle’s body
Discover world-class quality

Kia is committed to producing exceptional vehicles with superb quality and reliability to suit most every driving need. From compact to crossover, Kia delivers an extraordinary combination of precision engineering, outstanding performance, innovative features, and advanced safety systems.

COMMITMENT TO AMERICA

Kia Motors has invested over $1.1 billion in its manufacturing plant in West Point, Georgia. Utilizing the latest manufacturing processes and state-of-the-art robotics, the plant has produced over 2 million vehicles since 2009. The Sorento crossover and certain Optima midsize sedans are currently being assembled at this plant. Together with on-site and local suppliers, the Georgia facility is responsible for the creation of more than 15,000 jobs in West Point and the surrounding areas. It’s all part of Kia Motors’ commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

INDUSTRY-LEADING WARRANTY PROGRAM

Kia engineers are passionate about producing vehicles that are exceptionally well designed and reliable. Their dedication to quality and attention to detail give Kia the confidence to back every model with an industry-leading warranty program.

- 10-year/100,000-mile limited powertrain warranty
- 5-year/60,000-mile limited basic warranty
- 5-year/100,000-mile limited anti-pororation warranty
- 5-year/60,000-mile 24-hour roadside assistance

TAKING ON THE COMPETITION

The Kia Racing team has gone head-to-head with world-class rivals — and won. Motorsport is a proven test bed for reliability, durability, and performance, and the knowledge gained on the racetrack has helped Kia manufacture award-winning vehicles that perform beyond your expectations. In six years of racing, Kia won a total of seven championships with three models — Rio 5-Door, Forte Koup, and Optima.

COMPELLING DESIGN

Under the direction of President and Chief Design Officer Peter Schreyer, Kia vehicles have captured worldwide attention for their interior and exterior styling. The passionate collaboration of Kia’s designers has created a look that makes every model as bold as it is distinctive.
